For ASE Bath applicants

- The program is 5 weeks’ long and students take two courses – one core course and one seminar (elective) course, earning 2 HWS credits in total. Note that the courses will figure into your overall gpa and will appear on your spring 2014 transcript.

- Students live in shared apartments in Bath and cook their own meals.

- The minimum gpa requirement is 3.0. The fees for the program are $4800, not including airfare or meals.

- Seniors who apply to this program may walk at graduation but you will not receive your actual diploma until after summer grades are in and recorded on your transcript.

- You must print out an application online at: http://www.studyabroadbath.org. Click on Fees and Admissions, Summer Application, How to Apply. Once you get to the summer page, you will need to click on “register”. Once you are registered you will be able to print out the application. After you have completed the application, you need to bring it to Sharon Walsh in the CGE (Trinity 306) who will fill out the study abroad approval section of the form.

- You need to include an official transcript and one faculty reference with your application. Since HWS is an affiliate college, you are not required to provide two references as it says on the application, just one.

- You will see that students are asked to pay a deposit when they apply for an ASE program. You should not send this in with your application. ASE will bill HWS for the fees later and we will bill you. You should not pay anything directly to ASE. HWS will take care of paying the program fees and we will bill your student account in the spring semester.

- The deadline for applying is February 15th at the latest but the programs fill on a first-come-first-served basis, so we recommend applying as early as possible.

- The CGE has a limited amount of funding available for students in financial need. Please pick up a funding application from Sharon Walsh the CGE if you are interested in applying for this funding. You will need to apply to ASE, be accepted by them and hand in your acceptance letter along with the funding application before the funding deadline of November 15, 2013 to be eligible for CGE funding.
